**AGENDA**

The Tuesday meeting of the Board of County Commissioners (the "Board") is an open meeting in which the Board approves contracts, expends funds, hears testimony, makes decisions on land use cases and takes care of other county matters. The public is welcome to attend.

The Board meeting has three parts: Public Comment, the Business Meeting and the Public Hearing.

**General Procedures**

Agenda items will normally be considered in the order they appear on this agenda. However, the Board may alter the agenda, take breaks during the meeting, work through the noon hour; and even continue an item to a future meeting date.

The Board welcomes your comments. During the Public Comment time, members of the public have three minutes to present views on county matters that are not included on the Hearing Agenda. Public Comment time is not for questions and answers; it is your time to express your views, people will not be allowed to utilize county resources to make visual presentations during public comment. The Board will take up to 15 minutes at the beginning of the meeting and if needed, additional public comment will be taken at the end of the meeting on items not listed on the Hearing Agenda.

To participate in Public Comment please attend in person or please log into the WebEx Events virtual

meeting using a computer. Once logged into the meeting on your computer, please send a chat message to the host with your name, address, and the topic of your comment so that the Chair can recognize you at the appropriate time for public comment.

Please note that you are always welcome to communicate with the Board on the county’s web site (www.jeffco.us), by e-mail (commish@jeffco.us), by phone (303-271-8525), fax (303-271-8941) or US mail (100 Jefferson County Parkway, Golden, CO 80419). You can also meet your Commissioners at numerous community events such as town hall meetings, homeowner associations and chamber meetings.

**9. Public Hearing**

There are two parts to the Public Hearing Agenda: The Hearing Consent Agenda and the Regular Hearing Agenda.

Items are listed on the Hearing Consent Agenda because no testimony is expected. In the event a Commissioner or any member of the public wishes to testify regarding an item on the Consent Agenda, the item will be removed and considered with the Regular Hearing Agenda.

To offer public testimony on any of the cases on the Public Hearing Agenda, please attend in person or please log into the WebEx Events virtual meeting using a computer. Once logged into the meeting on your computer, please send a chat message to the host with your name, address, and the agenda item for which you wish to provide testimony so that the Chair can recognize you at the appropriate time for public testimony. Individuals will receive three minutes and HOA's located with the notice area for the Hearing item will be granted ten minutes.

Unless otherwise stated by the Chair, a motion to approve the Hearing Consent Agenda shall include and be subject to staff's findings, recommendations, and conditions as listed in the applicable Staff Report.

The public is entitled to testify on items under the Public Hearing Regular Agenda. Information on participation in hearings is provided in the County's brochure, "*Your Guide to Board of County Commissioners Hearings*." It may be obtained on the rack outside the hearing room or from the County Public Affairs Office at 303-271-8512.

**11. Public Comment**

No comment.

**12. Reports**

**Commissioner Kerr:** Commissioner Kerr thanked the Conifer Chamber for the meeting last Thursday morning. The Commissioner also attended a Applewood Business Association meeting. He expressed his appreciation to the association for inviting speakers from across the county. One speaker represented the Butterfly Pavilion, Commissioner Kerr mentioned this is a great opportunity in Jeffco to learn and engage.

**Commissioner Kraft-Tharp:** Commissioner Kraft-Tharp congratulated and thanked election judge Marilyn Whisenand, who has served as an election judge for seventeen years. By the age of 90, Marilyn has worked through five presidential elections and is volunteering again this year.

**Commissioner Dahlkemper:** Commissioner Dahlkemper invites everyone to the Arvada Chamber Annual State of the Region on October 18th, where some of the County's most pressing issues will be addressed. She also shared that the Triad

Bright Futures executive team met on October 14th. Triad Bright Futures is an organization that emerged from the Bright Futures Roadmap, aiming to ensure that all young community members have access to high-quality early childhood education. Commissioner Dahlkemper expressed her excitement about continuing to work with Triad Bright Futures, praising the amazing work being done. Additionally, she mentioned how wonderful it was to spend time with the Conifer Chamber last week. On the wildfire front, Commissioner Dahlkemper, who also chairs the Jeffco Wildfire Commission, updated the community on their recent meeting, where they discussed feedback on the County's wildfire preparedness plan. She took a moment to recognize all the members who reviewed the plan and provided valuable input. The commissioner also discussed recovery efforts following the Quarry fire and heard from the Open Space team, who shared some of the challenges they're addressing in the affected park. The key message: patience will be required, as the team wants to ensure everything is done correctly before the park reopens. Finally, Commissioner Dahlkemper mentioned discussions around unifying three fire districts in the mountain areas, which face the highest risk for wildfires in Colorado. These departments have the largest number of volunteer firefighters, but like many places nationwide, volunteer numbers are declining. The unification effort aims to help maintain timely service to residents in these areas.

**County Manager:** County Manager Kerby reminded everyone that the monthly Budget Advisory Committee meeting will be held on Thursday, October 17th, at 3:30 p.m.

County Attorney: No reports.

### **13. Adjournment**

There being no further business to come before the Board, the meeting was adjourned.

*These minutes summarize the final decision made by the Board at the referenced meeting. This meeting was also audio recorded and that recording is available for review. In the event there is confusion as to what the final decision of the Board is, the Board will rely on the audio tape to interpret the Board's intent. The audio tape shall act as an official record of these proceedings for any necessary purpose when, in the opinion of the Board, the minutes are in any way insufficient. An audio copy of the Board of County Commissioners' proceedings is available by contacting the Deputy Clerk to the Board.*

**RE:** American Rescue Plan – 2022-2024 5% Supported Salary Adjustment

**Date:** 10/22/2024

---

**Staff Recommendation:**

WHEREAS, on March 11, 2021, the United States Congress adopted the American Rescue Plan Act of 2021, Pub. L. No. 117-2, H.R. 1319, 117th Cong. (ARPA), a \$1.9 trillion stimulus fund of which \$130 billion was established for a Coronavirus Local Fiscal Recovery Fund, including approximately \$65 billion for payment to counties; and

WHEREAS, Jefferson County has been awarded \$113.2 million in ARPA funds from the United States Department of Treasury; and

WHEREAS, the 2022-2024 5% ARPA Supported Salary Adjustment has been determined by the County to be eligible under ARPA and has received all required County approvals; and

WHEREAS on 5/7/2024 the Board was notified that use of ARPA interest income for this purpose is an eligible use,

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners hereby approves an increase of up to \$1.6 million from ARPA interest income to address a shortfall in the previously approved funding.

**Resolution: CC24-321**

**Background:** The Board of County Commissioners (BCC) approved a 5% ARPA Supported Salary Adjustment for county staff via Resolution #CC22-232 on August 30, 2022. To cover a projected shortfall of \$1.60 million in funding for this salary increase,

additional funds are required.

**Fiscal Impact:** Up to \$1.6 million in American Rescue Plan interest funding

**RE:** Proposition 123 Grant Application

**Date:** 10/22/2024

---

**Staff Recommendation:**

WHEREAS, on April 8, 2022, the Colorado State Legislature added article 32, 29-32-103(2) creating the State Affordable Housing Fund and,

WHEREAS, the State of Colorado, Department of Local Affairs (DOLA) was appointed to administer a grant program under the State Affordable Housing Fund and,

BE IT THEREFORE RESOLVED, that the Board of County Commissioners (BCC) authorizes the Jefferson County Department of Human Services Executive Director to sign the DOLA grant in an amount up to \$250,000 to fund a staff position for 1-2 years to comply with Proposition 123, as approved as to form by the County Attorney's Office.

**Resolution: CC24-322**

**Background:** The County's commitment to Proposition 123 requires establishing an expedited review process for affordable housing development and creating 502 new units over the next three years. Additionally, the successful implementation of the County's 15-Year Housing Plan will be critical. However, current staffing levels are insufficient to fully achieve these goals.

To address this, the Department of Local Affairs (DOLA) is offering Proposition 123 funds to support staffing for affordable housing initiatives. The County's application will request up to \$250,000 to fund a staff position for 1-2 years, depending on the award. This position would be shared between Housing Employment and Economic Services (HEES) and Planning and Zoning, working closely with the Human Services and

Development & Transportation Departments. The staff member would oversee joint initiatives and ensure housing policies align with the Comprehensive Plan, 15-Year Housing Plan, Housing Blueprint, 5-Year Consolidated Plan, and other County and municipal objectives.

**Fiscal Impact:** Up to \$250,000 impact to the county's revenue limits

**RE:** RESTORE Grant – Amended Agreement – Open Space

**Date:** 10/22/2024

---

**Staff Recommendation:**

Resolved, that the Board of County Commissioners (BCC) authorizes the Chair to execute Amendments One and Two to the Agreement Between Larimer County and Jefferson County Open Space (JCOS).

**Resolution: CC24-323**

**Background:**

The original Intergovernmental Agreement for Funding the Northern Big Game Critical Winter Range Restoration Project dated August 30 (Agreement), for \$26,250 identified Jefferson County as one of the recipients of a grant from National Fish and Wildlife Foundation (NFWF) to restore winter habitat needed for elk and mule deer. Larimer and Jefferson Counties are requesting an amendment to the original Agreement to increase the grant to Jefferson County by \$20,625 for a total award of \$46,875.

In the original Agreement, it was agreed that Larimer County's portion of the NFWF grant was not to exceed \$161,625. The original Agreement between Jefferson County and Larimer County requires the mutual consent of Colorado Parks and Wildlife, City of Fort Collins, Boulder, Jefferson, and Larimer Counties to increase Larimer County's overall contribution under the Agreement between Larimer County and Jefferson County. The purpose of this Amendment is to increase the total Agreement dollar amount to be contributed by Larimer County to \$171,675.

The additional funds coming to Jefferson County Open Space (JCOS) and Larimer County (\$20,625 to JCOS and \$10,050 to Larimer County) are coming from funds Boulder County is unable to use. There are no additional match requirements.

**Fiscal Impact:**

Under Amendment One, JCOS will receive an additional \$20,625 in grant funds. The original match was \$9,616; no additional matching funds are required. Amendment Two has no fiscal impact.

### Quarry Fire Response

On July 28, Jefferson County experienced a significant wildfire in Deer Creek Canyon. The fire was discovered by a patrol deputy around 9 p.m. while on regular patrol. Over the course of 10 days, the Quarry Fire grew to just under 600 acres. While it was a relatively small wildfire, it was one of several burning in Colorado at the time, leaving us with limited resources. Hundreds of homes were threatened and the landscape was full of hazards. From steep slopes, rocky terrain, and soaring temperatures, to mountain lions, bears, and rattlesnakes—

Crews working the Quarry Fire gathered each morning to assess the fire and make a plan

firefighters on the fire line put themselves at risk to keep our community safe.

Surrounding homes were evacuated for more than a week, and residents relied on the JCSO to provide timely, accurate, and comprehensive information. The Jeffco Incident Management Team, the Emergency Operations Center, and many county and JCSO staff worked non-stop alongside first responder agencies from Colorado and throughout the country. We are forever grateful for the amazing work done by everyone involved.

### New Technology Helps Us “Smell” Wildfires

The JCSO Emergency Management Team received 20 new wildfire sensors that detect chemical changes in the air up to five miles away. Unlike traditional wildfire sensors which utilize a camera to detect smoke on the horizon, the sensors can alert us to a potential fire before smoke is even visible. Each device costs about \$2,500, which was covered by a grant from the Department of Homeland Security.

Emergency Management Manager Nathan Whittington (pictured right holding a sensor) was featured on 9News to speak about the sensors. He says the goal is to get even more of these small boxes distributed throughout the county over time, and create a grid network of sensors that catch fires when they first start. The JCSO hopes to finalize locations and installation of the first 20 by the end of the year, and begin using them in 2025.

## Records Requests Now Online

On September 23, the JCSO launched a new online records request system. Now, all requests for law enforcement records, including body worn camera video, will be done through an online portal called NextRequest.

This will help cut out paper copies and make requests easier, faster, and more streamlined. For requests with fees, you are able to pay online as well. For patrons with accessibility needs, the Records Unit will supply paper request forms, and the Records staff will manually input their request into NextRequest on their behalf. The Records Unit will also provide iPads for requestors to submit their requests in person. Look for the NextRequest logo on our website to begin your request. More details are available at <https://jeffcosherriff.co/RecordsRequest>.

## Giving Inmates Tools for Success

The Jefferson County Detentions Division recently partnered with a company called Edovo, to provide online access to classes and courses designed to help people get a high school diploma. The online classes prepare students for the High School Equivalency Test (HiSET) and the General Education Development (GED) exam. They are tested on their knowledge of math, science, social studies, and language arts. However, many other subjects are available to inmates beyond the basics.

From the inception of the program on June 12 through September 30, inmates completed 2,805 courses over 13,300 hours! On average, participating inmates spent a little over 10 hours in class. The top courses sought out by inmates include traditional math classes, but also courses in legal studies, behavioral changes, job seeking, and substance abuse recovery. More classes are added by Edovo to the online platform on a regular basis, giving students an even larger variety of courses.

## The Story of Artemis

Back in April, in the middle of the night, a dog was abandoned and left at Foothills Animal Shelter. Severely emaciated and weighing only 18 pounds, the pup couldn't stand up on her own. When Animal Control Officer Kylie Rupe responded to the shelter to begin an investigation, she looked into the eyes of the pup and immediately placed a hold on her. The dog had an incredible will to live and when she was well enough to leave, Rupe fostered her. In August, Rupe became her forever family and gave her the name Artemis.

Artemis is the goddess of the hunt, bounty, and wild animals. Rupe picked the name, because the scrawny 1½-year-old dog went from almost starving to death, to never having to worry about hunger again.

Now, Artemis is at her goal weight of 45 pounds and learning for the first time how to be a dog. Just one example of the extraordinary care given to animals by our Animal Control officers.

With the help of JCSO criminal investigators, they were able to track down the neglectful owner in Denver, and handed the case over to Denver Police, who charged them with animal cruelty.

## Emergency Management

The Office of Emergency Management hosted the Federal Emergency Management Agency's (FEMA) Integrated Emergency Management Course (IEMC) from September 23 to 26. The IEMC combined classroom lectures, discussions, small-group sessions, and exercise-based training designed to expose participants to new ideas, increasing their awareness of the coordination needed during an Emergency Operations Center (EOC) activation. (Examples are wildfires, floods, severe weather storms, etc.). Approximately 100 participants from the County and external partner agencies came together to build inter-agency

awareness, leadership, and communication skills needed to develop, refine, and implement policies, plans, procedures, and mutual aid agreements in a whole-community environment. Jefferson County was one of 12 applicants nationwide to be selected for this unique opportunity. Keynote

speakers included Sheriff Marinelli, Commissioner Lesley Dahlkemper, Andy Kerr, and FEMA Region 8 Administrator Nancy Dragani.

# Crime Prevention & Education

## Crime Prevention

Crime Prevention Deputy Mark Bybee addresses citizen concerns and shares vital information with the public through on-site visits, public presentations, tours, special events, Nextdoor.com notifications, and other opportunities. Highlights from the third quarter:

- Attended 16 community events
- Coordinated JCSO involvement in 22 National Night Out events
- Managed 50 citizen inquiries
- Conducted one Crime Prevention Through Environmental Design (CPTED) survey
- Presented at 11 HOA/community meetings

## School Resource Officers

School Resource Officers (SRO) are embedded within schools in Jefferson County for the duration of each school year to provide security, safety, resources, and guidance to students and staff. The table to the right reflects activities during the third quarter, which includes part of the summer break.

Report Type	July	Aug	Sept
Felony	0	3	25

## Detention Facility

The Detentions Division provides housing, security, and physical and mental health services for inmates, as well as programs to reduce recidivism and set individuals up for success upon release. The jail houses offenders awaiting court appearances, being transported to another detention facility, or sentenced to serve their time at the county jail. The table below includes jail statistics from the third quarter:

DETENTION FACILITY	July	Aug	Sept
Average Males Housed	717	734	717

## Crimes/Internet Crimes Against Children

The Child Sex Offender Internet Investigations Unit, known as Cheezo, is at the forefront of the Sheriff's Office commitment to ensure the safety of our children. Predators use the internet as a gateway to victims because of the anonymity and the ability to lure children with minimal detection and apprehension.

In early August, a man was arrested in Idaho for a disturbing series of online communications with underage girls throughout multiple states. The investigation began with the JCSO Cheezo Unit in May, when 34-year-old Michael Hendren of Idaho made contact with Jeffco investigators portraying underage teen females on social media. When investigators tracked the alleged predator to Idaho, law enforcement there took the case and potentially connected Hendren to cases in Idaho, New Jersey, Arizona, and Hawaii. The FBI also investigated Hendren for similar child exploitation accusations in Montana in 2022. Hendren was arrested on a \$1 million bond for 10 felony charges related to sexual exploitation of children over the internet.

## Family Crimes

In the third quarter, the Family Crimes Unit was assigned 81 cases: 29 cases in July, 19 in August, and 33 in September. Of the 81 cases, 37 were domestic violence (DV) related incidents, 27 rose to the level of DV felony, with 12 assault cases, and three cases involved acts of strangulation. There were 13 arrests in the third quarter. Some notable cases:

In July, a woman was walking to her car when her ex-husband approached as if he were going to hug her and instead, put her in a headlock that caused strangulation. The victim already had a protection order in place against the suspect, which was issued for a prior strangulation case in another county. A warrant was issued for the suspect for 1st degree assault (DV). He was located and arrested in Colorado Springs by the JCSO Fugitive Unit and the El Paso County Fugitive Unit.

On September 15, deputies responded to a domestic call where the suspect kicked in the front door of his ex-girlfriend's house, tearing it from its hinges. He then reportedly threatened the roommate of his ex-girlfriend, accusing them of having an affair. The suspect fled before deputies arrived, however, he was later located and picked up by Greenwood Village Police. He was booked on suspicion of Second Degree Burglary (DV) and Criminal Mischief (DV).

## Victim Services Unit

The Victim Services Unit (VSU) provides respectful care to victims of crime and trauma. Specialized counselors and volunteer victim advocates respond to calls 24-hours a day, 365 days a year. In the third quarter, the VSU was assigned 724 cases and responded to 517 calls including: 239 in-person callouts; 223 immediate phone responses; 1 attempted homicide; 54 deaths (suicide & unattended deaths).

In September, the 5th grade Dakota Ridge Football Team donated 15 bears to our Deputy Hugs program. The team donated because "they want any kid or person who is ever hurt or scared to know

that people care about them." Deputy Hugs bears are given to victims of crime to provide comfort in times of crisis. More details on the program at <https://www.jeffco.us/1193/Victim-Services>

## Traffic Summonses

Summonses include those issued by the Traffic Unit and Patrol for Model Traffic Code violations or state violations.

Summonses	3rd Quarter
2023	2,150
2024	2,297

## Traffic Operations

The primary goal of the JCSO Traffic Unit is to reduce traffic accidents involving fatalities and injury. Each month, the Traffic Unit provides the Patrol Division with strategic deployment recommendations based on monthly crash analysis. In addition, the Traffic Unit assisted with evacuations and operations for the Quarry and Goltra Fires; participated in eight community events/parades; led two processions for a fallen Arvada firefighter; participated in and helped organize the MC-1 Honor Run (see photo below).

### Speed Mitigation Grant

A federal speed mitigation grant allows for additional hours of enforcement along Highway 93 and Highway 285. The table illustrates third quarter results for the grant activity.

Speed Mitigation Grant	July	Aug	Sept
Time Dedicated (in hours)	135	48	108
Summonses	309	111	251

### DUI Arrests

The JCSO receives federal grant funding for DUI enforcement to increase traffic safety. Efforts of regular patrol operations, along with specific DUI enforcement, resulted in 67 DUI arrests in the third quarter.

Quarter 3	July	Aug	Sept
Total DUI Arrests	24	27	16

### Crash Data

The top three common causal factors for fatal and injury crashes in the third quarter remain speed, inattentive driving, and DUI.

Crash Type	July	Aug	Sept
Fatal	1	1	0
Injury	30	25	21
Property	150	165	95
<b>Total</b>	<b>181</b>	<b>191</b>	<b>116</b>

Each year, Deputy Mark Miller (right) and the JCSO Traffic Unit help host the MC-1 Run; an annual bike ride to raise money for first responders injured in the line of duty. This year's recipient was South Adams County Firefighter Ryan Applegate (middle). Applegate was hit by a DUI driver last December. The MC-1 Foundation was created in memory of JCSO Sgt. Dave Baldwin. To date, the foundation has given over \$400,000 to injured first responders.

## Focus Crimes

In Jefferson County, property crimes such as residential and commercial burglaries, motor vehicle trespasses, and motor vehicle theft are crimes we categorize as "focus crimes." Often, we find that the same person(s) commits more than one of these crimes, and when these crimes are studied, we learn patterns of behavior. Therefore, we expend considerable effort reviewing focus crimes that are of great concern and impact to the community.

The Patrol and Criminal Investigations Divisions research occurrences of focus crimes to determine if there are similarities that would indicate a spree or a crime series involving the same suspect or suspects. Studying these trends helps us to better anticipate and prepare for responses with the intent to apprehend suspects who may be responsible for multiple offenses.

Third Quarter	2019	2020	2021	2022	2023	2024
Burglary	159	118	103	124	73	95
Theft from Motor Vehicle	281	257	230	190	184	121
Motor Vehicle Theft	95	124	157	151	85	97

## Rocks Thrown at Moving Cars

Between July 19 and August 4, unknown suspects were involved in a series of six incidents in which rocks were thrown at moving vehicles from a suspect vehicle traveling in the opposite direction. All incidents occurred in south Jeffco in the late evening or early morning hours. All six cars suffered body damage from the rocks, but no injuries were reported. In one case, a rock struck the hood of a car and bounced into the windshield, shattering it. The suspect vehicle has been described as a smaller, four-door sedan. The investigation is ongoing.

## Homicide at Cemetery

JCSO and Wheat Ridge Police were dispatched to Crown Hill Cemetery on August 17 regarding a shooting. Law enforcement quickly located a male victim with a gunshot wound and a woman who had suffered non-life threatening injuries. Both victims were transported to an area hospital, where the male was pronounced deceased and the female was treated for her injuries and released.

During a search of the cemetery, a suspect was located. The suspect is identified as 23-year-old Ryan Trujillo-Falcon. He was arrested on suspicion of 1st degree murder and 2nd degree assault. The investigation revealed that a group of acquaintances gathered at the cemetery to visit the gravesite of a friend. At some point, an altercation broke out, leading to an assault and subsequent shooting.

## Juvenile Shot by Property Owner

On September 10, deputies responded to a trespassing report in the 23000 block of Pleasant Park Road after a homeowner, who was not home, saw two trespassers on her surveillance camera. Before deputies arrived, the homeowner's boyfriend, Brent Metz, confronted the two trespassers who had returned to their car. Metz pointed a gun at the windshield and fired the weapon. The 17-year old driver was struck through the windshield, causing serious injuries to his face. The juveniles were looking for a place to take homecoming pictures and were in the process of leaving a note seeking permission. Metz was arrested on suspicion of 1st degree assault, felony menacing, illegal firearm discharge, and reckless endangerment.

## 4 Suspects In Custody for Attempted Murder

Four men are in custody, accused of attempted first degree murder for their roles in kidnapping and torturing a fellow housemate in the 4700 block of South Oak Court. Deputies were first alerted to the incident on September 16 after hospital staff reported a male patient who claimed to have been tied up and tortured over a 14-hour period.

The victim, a 45-year old man, sustained injuries stemming from being tied up, beaten, burned, and whipped. He also suffered serious bodily injury after one of the suspects stepped on his neck, applying enough pressure to cause him to lose consciousness. An uninvolved person who was in the house was eventually able to help the victim get out and get him to the hospital.

The owner of the home, 49-year old Jason Carlson, was arrested on suspicion of attempted 1st degree murder, 2nd degree kidnapping, and 1st and 2nd degree assault. The three other suspects associated with the address were also arrested on suspicion of similar charges. They are 48-year old Sherell Allen, 41-year old Luke Anaya, and 39-year old Jimmy Ray Smith II. All are being held on cash-only bonds, originally ranging from \$150,000 to \$500,000.

# Crime Statistics

Third quarter crime statistics are reported in NIBRS, the National Incident Based Reporting System. This system is a more inclusive method for collecting and standardizing crime data from law enforcement agencies, and is used by most other agencies in Colorado. The data is accurate as of the release of this report, however numbers are subject to change.
